**Summer Vacations Homework**

Dear Parents,

As we all know that vacations are the time for recreation. In our busy schedule we hardly find any time to share our experiences with our loving ones. So, definitely summer vacations give us a chance to understand each other more precisely and accurately. We, the SMRians expect from all the parents that they will give a plenty of their precious time to their young dreams and help them realizing how lucky they are as they are able to spend their childhood with their caretakers keeping in mind that so many are there in this world who have not got this precious gift from GOD!

You already know that the summer vacations are being commenced from 27<sup>th</sup> of May (Monday) to 1<sup>st</sup> of July (Sunday) and the school will reopen on 2<sup>nd</sup> of July (Monday). As per the guidelines from CBSE and from the Education department, Haryana. It has been observed that in present era due to our living style our children are getting detached from our rich culture, natural resources, social and emotional values. So, here we are trying to give such holidays assignments to our students which are not based only on the bookish knowledge but have some sensibility towards the improvement in them for moral values also. These assignments will increase their practical knowledge and help them rejoining with nature and regaining what is required for overall development. Parents are expected to help their children in completing these assignments upto maximum of their caliber. This will help in building a healthy relationship between parents and children.

Best Regards,

Principal

SMR International School

## Holiday Home Work

Sist:- Part A - Learn all the assignments or written questions-answers of the chapters given to you before vacations.

2) Read Ch-13 From your book and make notes of this chapter as you have got of ch-11.

Part B - • Talk to your grandparents, in case they are not with you then talk to some other aged couple in your surroundings.

• Ask them about the changes that have taken place in the society. How they see these changes or how these changes had an impact on them.

• Now after talking to them try create a story based on this interaction taking them as the central character.

Part C :- During vacations try to visit the different religious places. where you can see the differences in their religious practices and traditions. Talk to some authorities there, and try to find out what is the importance of these religious places in our society. If you find this task interesting then make it your habit to visit any of these religious places daily in the morning.

Note carefully that all the three assignment are compulsory but on b or c, you have to give a presentation in class which will be the task of your subject achievement of 5 marks for Term.
